HABITAT SUPPLY PARTNERS

BIDDING & ONBOARDING PACKET

ONBOARDING INFORMATION:

For purposes of this packet, the term “Contractor” is used in a general sense to include companies that provide construction labor or trade services as well as those that supply materials, products, or related services; when a requirement applies only to a particular type of work, that limitation will be stated explicitly in the packet.

Document Renewals: Only insurance coverage and Certificates of Insurance (COI) must be renewed and updated based on their expiration dates. All other onboarding documents are maintained by HABITAT once signed and generally do not require resubmission; if updates are needed in the future, HABITAT will contact you.

Procurement Procedure and Evaluation Criteria

Greater Fox Cities Habitat for Humanity (HABITAT) solicits bids for construction-related supplies and subcontracted services, making a good faith effort to include all interested vendors, with strong encouragement for women-owned and minority-owned businesses to participate. HABITAT maintains a vendor list and advertises bid opportunities through various channels and partnerships. Bids are evaluated and awarded based on cost; relevant experience; proposed technical approach; compliance with bid requirements; overall quality and clarity of the proposal; and references and past performance.

Billing & Payment: Invoices must be submitted by email to ap@foxcitieshabitat.org or mailed to Accounts Payable at 921 Midway Road in Menasha, Wisconsin. All invoices must include a unique invoice number, the project address (which serves as the purchase order number), an itemized description of goods, services, delivery, or installation, and confirmation that all work or materials have been completed, delivered, installed, or accepted by HABITAT. Properly documented invoices will be paid within thirty days of receipt.

Availability: The contractor must be available at the times specified on the building schedule to complete work in a timely manner, as communicated by Greater Fox Cities Area Habitat for Humanity (HABITAT). Any delays or back orders need to be communicated promptly.

Warranties: The contractor agrees to provide and support all applicable manufacturer and product warranties. -

Federal & State Funding Requirements: Some projects may be funded in whole or in part with federal or state dollars. As a condition of submitting a bid or entering into a contract with HABITAT, the Contractor agrees to comply with all mandatory federal contract provisions included in this packet. These provisions may include requirements related to:

- Nondiscrimination and equal employment opportunity
- Contract Work Hours and Safety Standards
- Environmental regulations, including the Clean Air Act and the Clean Water Act

The Contractor must comply with affirmative action requirements under Executive Order 11246 (1965), Executive Order 13672 (2014), and all associated regulations, or must provide certification of exemption when permitted.

By submitting a bid or quote, the Contractor affirms compliance with federal suspension and debarment rules in 2 CFR Part 180 and confirms that neither the Contractor, its principals, nor its subcontractors are suspended, debarred, proposed for debarment, declared ineligible, or voluntarily excluded from participation in federal programs. HABITAT will require a signed Suspension and Debarment Certification prior to contract award and will verify the Contractor's status through SAM.gov.

For contracts at or above the applicable federal threshold, currently one hundred thousand dollars, the Contractor must complete a Certification Regarding Lobbying and comply with all related federal lobbying restrictions.

HABITAT SUPPLY PARTNERS

BIDDING & ONBOARDING PACKET

Contractor Status: The Contractor and any individuals employed by the Contractor are not employees of Greater Fox Cities Area Habitat for Humanity. Contractors are treated as independent entities and are solely responsible for any and all subjects related to their organization's operations. HABITAT will not withhold income taxes, social security taxes, or other statutory deductions. Contractors are not eligible for employee benefits such as sick leave, vacation, pension contributions, medical insurance, life insurance, or unemployment compensation.

Cause or Convenience: If the Contractor fails to deliver goods or services in accordance with the specifications contained in the bid documents or fails to meet required deadlines, HABITAT reserves the right to cancel the contract for cause and award the work to the next most qualified bidder. The Contractor in default may be held liable for any additional costs incurred by HABITAT because of the cancellation. HABITAT also reserves the right to cancel the contract at its convenience without cause.

Indemnity: If awarded the bid, the Contractor agrees to defend, indemnify, and hold harmless Greater Fox Cities Area Habitat for Humanity from any liabilities, claims, judgments, damages, costs, losses, fees, or expenses arising out of or resulting from work performed under the contract. This includes claims related to bodily injury, sickness, disease, death, or damage to or destruction of property, regardless of cause, except where such claims arise solely from the gross negligence or willful misconduct of HABITAT.

IRS Form W-9: A valid IRS Form W-9 must be completed and on file before any payments are made to the Contractor.

Sales Tax Exemption: Greater Fox Cities Area Habitat for Humanity is exempt from Wisconsin state sales tax. Contractors who require a Wisconsin Sales and Use Tax Exemption Certificate (Form S-211) may request one from HABITAT.

Required Forms: The following pages contain the required forms we ask to be completed and submitted. These forms are mandatory prior to any contract award. Our intent is to ensure partners are fully informed of the requirements associated with working with Greater Fox Cities Area Habitat for Humanity (HABITAT).

Because HABITAT projects often use a mix of private, state, and federal funding, all contractors must complete the federal compliance forms in this packet as part of onboarding. This ensures you are already eligible if a project includes public funds. When additional federal or state requirements apply, HABITAT will provide written information about those obligations in advance and will not retroactively apply new requirements to completed work.

Most of the information requested in these forms—such as insurance, licensure, and basic business details—is already part of your standard documentation. Some federal compliance forms may ask for additional certifications (for example, debarment, lobbying, or affirmative action status), and we are always happy to answer questions about these requirements or why they are needed.

Greater Fox Cities Habitat for Humanity Forms:

- ☐ Contractor Checklist & Disclosure Form
- ☐ Current Certificate of Insurance (COI)
- ☐ Form W-9

Federal Compliance Forms:

- ☐ Federal Compliance Acknowledgement & Agreement
- ☐ Affirmative Action Plan Contract Compliance
- ☐ Subcontractor Debarment Certification
- ☐ Subcontractor Lobbying Certification (Only if >\$100,000 Contract)

This Agreement applies to all current and future work Contractor performs for Habitat (including New & Existing Home Construction, Home Repair Services, Facilities, and supply-only work) whenever the work is financed in whole or in part with federal or state funds. By signing below, Contractor acknowledges and agrees as follows:

Applicability of Federal Requirements

- Contractor understands some Habitat projects, contracts, work authorizations, and purchase orders may be funded in whole or in part with federal or state funds (including, but not limited to, HUD/SHOP, CDBG, HOME, or other government programs).
- For any Habitat work or materials funded in whole or in part with federal or state funds, Contractor agrees that the federal requirements in this Agreement apply to that work to the extent required by law or by Habitat's funders.
- Contractor will "flow down" applicable federal requirements from this Agreement to any lower-tier subcontractors performing work on federally funded Habitat projects.

Suspension & Debarment

- Contractor certifies that neither it, its principals, nor any known subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in federal programs.
- Contractor agrees to complete and sign Habitat's Subcontractor Debarment Certification form when requested and to promptly notify Habitat if its status changes during any contract, work authorization, or purchase order with Habitat.
- Contractor understands that Habitat may verify debarment status through SAM.gov or other federal systems.

Equal Employment Opportunity / Nondiscrimination

- Contractor agrees to comply with all applicable Equal Employment Opportunity (EEO) and affirmative action requirements, including, as applicable, Executive Order 11246, Executive Order 13672, and implementing regulations (e.g., 41 CFR Part 60).
- Contractor will not discriminate in hiring, promotion, compensation, termination, or any other employment practice on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, veteran status, age, or any other status protected under federal, state, or local law.
- Contractor agrees to complete Habitat's Affirmative Action Plan Contract Compliance form and comply with any required federal or state nondiscrimination posting requirements, when applicable.

Minority- and Women-Owned Business Participation

Drug-Free Workplace

Contractor certifies that it will maintain a drug-free workplace consistent with the Drug-Free Workplace Act of 1988 and applicable state law, including:

- Prohibiting the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances at the job site; and

HABITAT SUPPLY PARTNERS

BIDDING & ONBOARDING PACKET

Anti-Lobbying (Contracts ≥ \$100,000)

For any contract, work authorization, or purchase order with Habitat at or above \$100,000 that is funded in whole or in part with federal funds:

- Contractor agrees to complete and sign Habitat's Subcontractor Lobbying Certification form when requested.
- Contractor will not use federal funds to lobby or attempt to influence the award, extension, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
- If Contractor uses non-federal funds for lobbying related to a federally funded project, Contractor agrees to provide any required disclosures upon request from Habitat or the funder.

Environmental, Wage, and Safety Requirements (If Applicable)

When required by the funding source and identified by Habitat for a specific project, Contractor agrees to:

- Comply with applicable provisions of the Clean Air Act and the Federal Water Pollution Control Act, including any implementing regulations; and
- Not knowingly use facilities that are in serious violation of these laws for performance of Habitat work.

For covered federally funded contracts that involve the employment of mechanics or laborers and meet applicable thresholds under the Contract Work Hours and Safety Standards Act (CWHSSA), Contractor further agrees to:

- Compute wages on the basis of a standard 40-hour work week;
- Pay covered workers at least one and one-half times their basic rate of pay for hours worked over 40 in a work week; and
- Ensure that no laborer or mechanic is required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous.

Davis-Bacon Act & Copeland "Anti-Kickback" Act (If required)

Habitat will notify Contractor in writing if Davis-Bacon and/or Copeland requirements apply to a specific project and will provide the applicable wage decision and required forms. When a funding program requires compliance with the Davis-Bacon Act and the Copeland "Anti-Kickback" Act, and Habitat informs Contractor that such requirements apply, Contractor agrees to:

- Pay laborers and mechanics not less than the prevailing wage rates and fringe benefits determined by the U.S. Department of Labor for the project;
- Pay covered workers on a weekly basis;
- Comply with all required certified payroll and recordkeeping obligations; and

Conditional Buy America Preference

HABITAT's HUD-assisted projects are single-family (1–4 unit) private housing and not subject to the HUD Buy America Preference under CPD Notice 2025-01.
